Welcome to "Warrior Cats Text Messages"!! Be prepared for lots of laughs, lots of feelings, and lots of fun.

ALL TEXT POSTS INCLUDED IN THIS BOOK WERE NOT MADE BY ME AND I DO NOT TAKE CREDIT FOR THEM 90% of them were found on Tumblr, or I was just surfing the Internet and found them.

Also be sure to vote, comment, add to your reading lists, do whatever! And be sure to follow me for more awesome fighting kitty stuff:) Don't be a silent reader!

Ivypool and Antpelt

[image]

Mapleshade is bae, but let's be honest, she's kind of creepy in this.

RIP Spottedleaf

[image]

Dovewing can't type.

Jayfeather vs Hollyleaf

[image]

This really proves that Jayfeather fell in love with that stick. There's a bunch of fanfiction and stuff like that out there where Jayfeather and the stick take their relationship to the next level.

I won't get any deeper into detail.

Lionblaze's Old Relationship

[image]

Firestar is about to destroy Breezepelt.

And isn't Heathertail mates with Breezepelt now? She should have gotten over Lionblaze by now if so. Heyo Heathertail, we are sorry that Lionblaze is taken, but so are you, so shh.

Battle with BloodClan

[image]

Tigerstar and Scourge are besties no doubt

Jayfeather and Stick

[image]

Recent activity: Firestar likes Waffles. It's about time. (Even though he probably still doesn't know what they are.)

The Dark Forest

[image]

I'd do anything for free cookies. Count me IN!!!

Firepaw joins ThunderClan

[image]

Firepaw: *stares at Spottedleaf* ohhhh you're pretty

Spottedleaf: Hello. :3 *dies*

Fandom: Firepaw x Spottedleaf

Why, fandom, why?

Tigerstar starts Randomness

[image]

Half Moon and Purdy?! I don't ship it. I ship Half Moon and Jayfeather. Does anyone else also ship Purdy and Mousefur? I don't know why, I just think they'd be cute together because they're elders and they always were with each other.

Does anyone here ship Jayfeather and Briarlight?

Scourge goes "POOF"

[image]

The place after the Dark Forest/StarClan is just memory, so cats go there to be remembered for many moons to come.

But with Scourge, he probably went to kittypet heaven/hell. That really is a good question to ask the Erins.

Dovewing and Tigerheart

[image]

Dovewing has won his heart! Okay, you can exile her now.

I'm sorry to say this, Bumblestripe, but you've just been friendzoned.

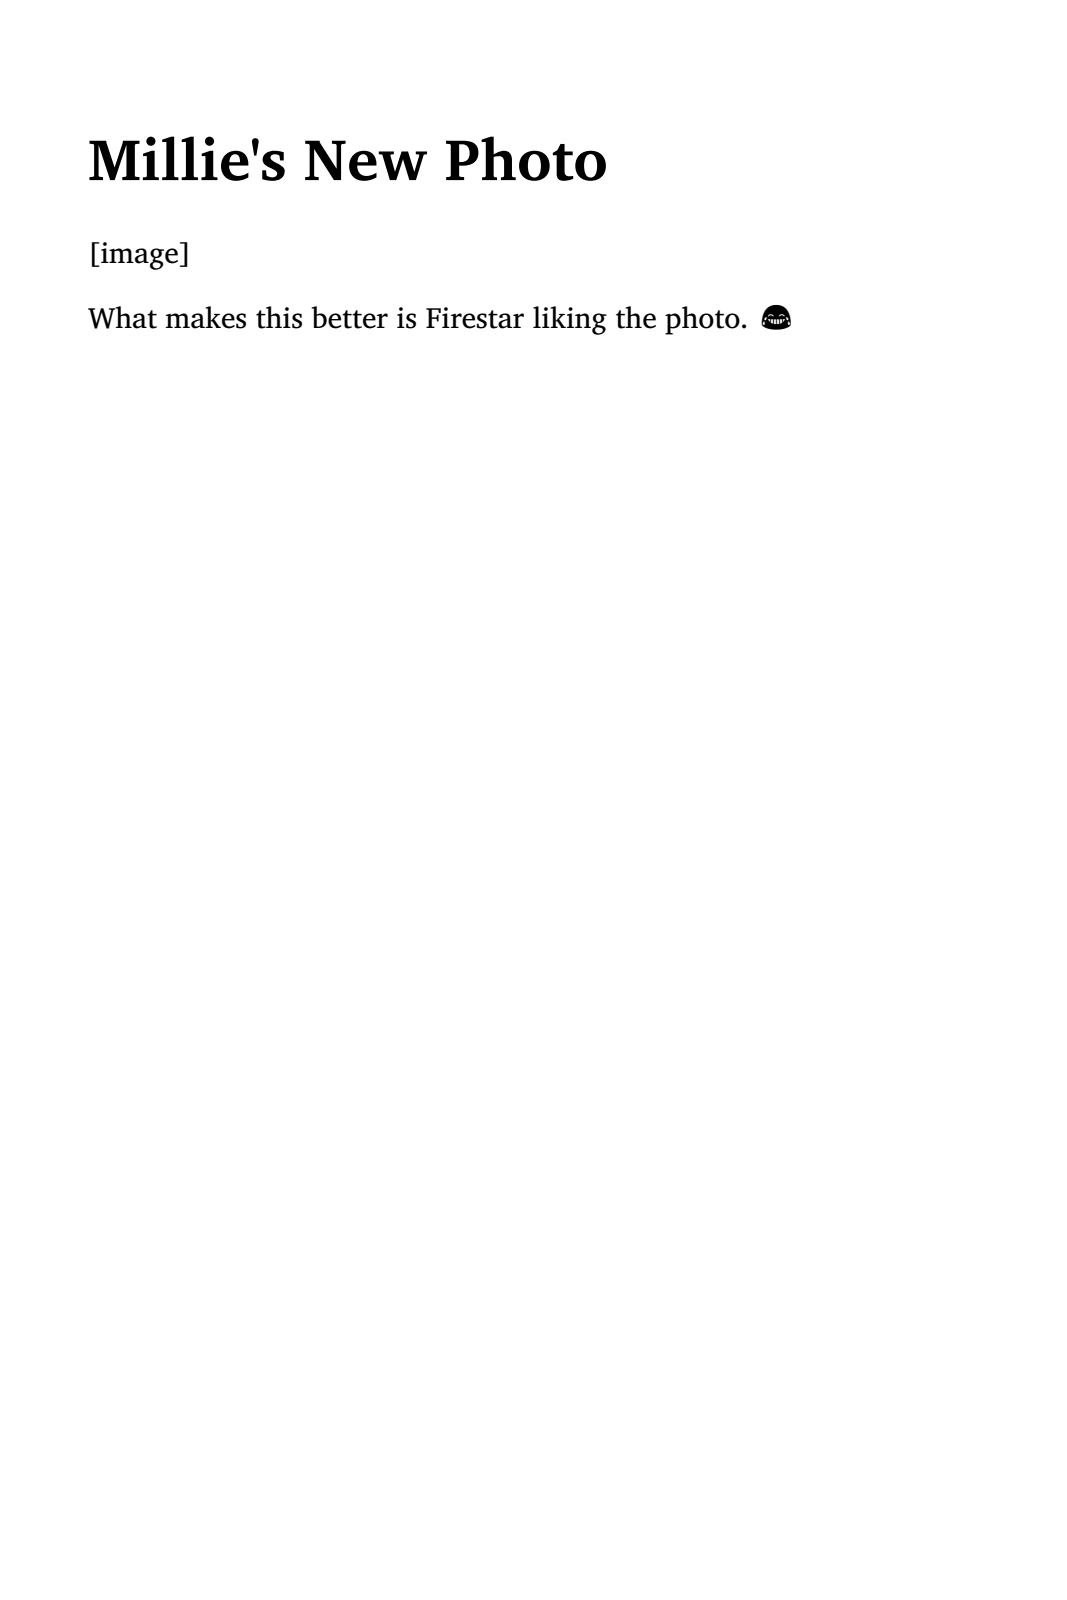
Bumbestripe: I've been friendzoned my entire life...

StarClan and the Dark Forest

[image]

Dovewing still can't type

Millie's New Photo



What makes this better is Firestar liking the photo. 😁

Crowfeather's Kits

[image]

Dang, this is really funny yet super sad at the same time.

Scourge's Claws

[image]

WHAT ARE THOSE!!!!! Firestar, that was so 2015. Just kidding.

EDIT: Well, it's 2017 now, and it really does seem that this meme was so 2015.

Ashfur joins StarClan

[image]

Comment your opinion on Ashfur!

I believe he deserved to go to StarClan, but he shouldn't have went full on kitty rage on Squirrelflight and the Three. If he killed them or they actually died, he should have gone to the Dark Forest.

(It's a matter of opinions here, so no fighting!)

Dustpelt the Builder

[image] [image]

I used to watch Bob the Builder when I was like 2 years old...

And now I look at it and think, "I think Bob went through puberty"

Ivypool's Sleepless Night

[image]

DOVEWING NEEDS TO LEARN HOW TO TYPE.

It bothers me so much when people actually type like that. It's as if my secret OCD kicks in and I correct everything they say. Then they get mad at me for correcting them, but at least it makes me feel better.

Hawkfrost's Invitations

[image]

Breezepelt is definitely going to the Dark Forest when he dies.

Bumblestripe and Dovewing

[image]

For anyone asking who Whitepelt is, I'm pretty sure it's supposed to Whitewing because that's Dovewing's mother.

What does a cat say?

[image]

I wish a baby could actually do this.

It would go viral on YouTube and everyone would be like "wtf?"
And us Warriors fans would be on the floor laughing our heads off.

Hollyleaf's Real Parents

[image]

What Brambleclaw just said kind of blew my mind. If you don't understand what he's speaking of, it's a dance! 😋😋😋😋

ThunderClan is Unfair

[image]

I could actually imagine Tigerstar doing this, marching around outside the woods.

Talking about Tigerclaw

[image]

Well, he's not wrong...

Bramblekit

[image]

Fireheart, why must you be like this?

Like... no.

Ashfur is a Munchkin

[image]

Yes, please sit on him.

StarClan is Angry

[image]

What if this actually happened in the books😠😠😠😠😠

Fireheart and Graystripe

[image]

Okay so this is super wierd and stupid at the same time but I have to tell it because it has to do with this song.

A few weeks ago my mother and I were stuck in traffic. There was this Jeep Cherokee next to us with an old man driving it and we could clearly hear him blasting hello in his car. It was literally the most awesome and sweetest thing to ever happen. The old man was literally dancing in his seat and it was just so precious and funny

Letters to Santa Claws

[image]

I actually find Breezepelt's letter sad... even though I still hate his guts

Crookedstar's Promise

[image]

Literally me.

Squirrelflight is Missing

[image]

Squirrelflight was probably hiding in the bushes making out with Brambleclaw.

The Eclipse

[image]

I still don't understand how Sol pretty much told the Clans that the eclipse was coming but he had no idea it would actually happen.

Spottedleaf and Firestar

[image]

I wonder where Spottedleaf went when she died her second life.

Credit: Google search -Warrior Cats Text Messages

Egg Hunt

I like how they're hidden in plain sight

ThunderClan is Recruiting

[image]

But isn't ThunderClan like the biggest clan?You're all good 😂 The other clans should be recruiting cats to step up to take Mistystar/ Onestar leader spots because they are so elderly lol 😂 😂

Going to see Ravenpaw

[image]

They are pretty mouse brained for not realizing that... but I will admit I did that once😬

Baby's First Words

I wish these were my first words because it would make me even more awesome than I already am.

On the topic of first words, my first word was "Dada" because my mom told me to say "Mama". At least that's what they told me.

Stonefur and Blackstar

[image]

No comment..

Dovewing hears EVERYTHING

[image]

Dovewing is just like "What did I do?"

Tiny is Discovered

[image]

Opinions on Thistleclaw?

What do you think really happened when he died? It's "rumored" that he died in a puddle of his own blood. Do you think another cat could have murdered him? THOUGHTS???

Rowanstar's Swamp

[image]

Opinions on Rowanstar?

Me: he is in the "over 100" squad with mistystar and onestar because you know there is not one book where they aren't in the allegiances. lol

Cloudtail's Problems

[image]

If Cloudtail had OCD as a cat with that long white fur, I'm pretty sure he would never move out of his nest..

Jayfeather and Alderpaw

[image]

Everyone except Jayfeather realizes that Jayfeather and Stick are in some kind of mental relationship with each other.

ShadowClan Thing

[image]

My cousin says, "I'm TRIPPIN all the way to Pluto with that, b****" 😂😂😂

Bad Connection in StarClan

[image]

It really bothers me when people type like that.

Iz liek mai undiugnowezd OCD iz butt in 2 currect evrey wurd tieped liek dis

Lionblaze is Walking Fast

If Tigerstar was following me I'd probably run because being myself seeing a cat I would want to pet it and probably get his rabies

Firepaw is...

[image]

The people who come up with these puns are a genius. I wish I was punny-funny

Lionblaze and Cinderheart

[image]

Why do people ship Lionblaze x Icecloud? They literally never even interacted with each other..

Yellowfang and Jayfeather

[image]

I'm trying to think of a pun that could go with this but NO I WANT TO DO DIS NO WAIT LET ME DO IT NO WAIT SHREK!

Apprentices are Jealous

[image]

Sandals get the flip flop off Facebook you're still an apprentice >:(

EDIT: I am just now realizing that Sandpaw autocorrected to Sandals and the fact that I put flip flop makes my error SO MUCH BETTER!!!!!!!! LMFAO.

Crowfeather and Leafpool

[image]

In the main post, Crowfeather doesn't have his profile picture???

Credit: Google search -Warrior Cats Facebook Posts

Spell "Traitor"

[image]

This tempts me to say this at a spelling bee if I'm given this word, and nobody would understand.

Berrypaw and Brambleclaw

[image]

He did better than I could ever do. If I had to do my assessment I'd probably just lay down and go to sleep, because that's all I do. Sleep.

Ravenpaw is "dead"

[image] [image]

I love Ravenpaw. He resembles the cat I have in real life! Here's a pic... ignore where it says streaks

The Quest

[image]

Clearing up confusion: FORESTER is a typo of FIRESTAR. Not entirely sure how that happened.

Spottedleaf and Bluestar

[image]

Just add a few gazillion infinity to that number and you'll be there, Spottedleaf.

Yellowfang and Firepaw

[image]

I'm imagining Firepaw as Jake Paul...

Imagine it... FFJWIDNFUWOSN

*Okay Krista, there comes a point when you need to stop. You should have stopped even before you mentioned his name. *slaps self on the arm multiple times**

The Last Hope

[image]

I didn't cry after reading The Last Hope but honestly it was really sad... I'm not going to spoil anything here!

Tigerstar's Tombstone

[image]

I don't know what to put here, so what's your opinion on Firestar?

Sandstorm and Dustpelt

[image]

I wish Sparkpelt was named Sparkfire. It makes me so upset they went the other direction when it came to her warrior name.

Hollyleaf's Idea

[image]

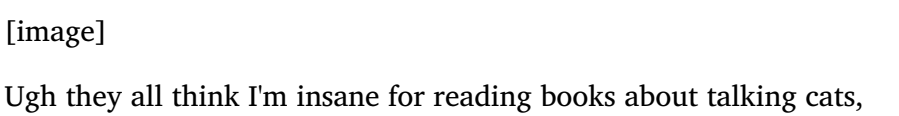
Well she did it for a reason...

Tigerstar's Permit

[image]

Wonder what he got in trouble for, what do you think?

Friends be like



Ugh they all think I'm insane for reading books about talking cats, they just don't understand.

The Lake Drought

[image]

What do you call a cat that won a dog show? A CAT HAS-TROPHY!

Get it? Get it?! Please tell me you do.

Dovewing's Powers

[image]

Hollyleaf feels the same way because she wasn't chosen

Talltail

[image]

Tallstar's super edition should have been called "Talltail's Tall Tale"

Jay's Wing

[image]

Brotherly love at its finest I guess

Zodiac Signs

[image]

Even if this isn't what I usually post in this book, comment what you got! I got ThunderClan! (I'm a Leo)

Fireheart's Nine Lives

[image]

If you cannot read it..

Fireheart: So how do I get my nine lives?

Cinderpelt: All you have to do is press your nose to it.

Fireheart: PUT MY NOSE ON IT? PUT MY NOSE ON IT?! ARE YOU NUTS?!

Fireheart: Do you have any idea how many other cats have put their nose on that thing?! This might have been how Nightstar died! So NO!!

Cinderpelt: ...

Cinderpelt: Put your nose on that darn thing Fireheart!

Fireheart: Make me!

Fireheart: NO! NO!

After High School

Medicine Cat Powers

[image]

I love this! Not my art

Rock's Stick

[image]

Jayfeather, how dare you break your true love?!

(Not saying that I ship Jayfeather with an inanimate object or anything, it's just that he is so attracted to the stick that i wouldn't be surprised if he took the relationship with it more seriously.)

Kissing in a Tree

Starring Lionblaze, Cinderheart, and Firestar

Charlie bit me

The title isn't exactly true XD Just imagine Jayfeather being Charlie in this case. Not my art

Ravenpaw and Tigerclaw

-Billystorm
-Newtspeck
-Foxheart
-Harveymoon
-Egg
-Sneezekit

The Medicine Cat

[image]

I'd like to see a medicine cat for myself but I don't believe their practices would help me as I am human and not cat.

White-Eye and Lostface

[image]

Comment your least favorite name. Mine would totally be Lostface. Or Egg. That's just kind of weird to be a cat named Egg. No offense to anyone here with a cat named egg.

Foxheart

[image]

Foxheart is literally an insult in the warriors language. I don't know how Foxheart's name became official. I feel bad for them.

Fallen Leaves

The Great Battle

[image]

Please ignore the swearing, usually I don't have any swearing in this book but I pretty much had to keep it for this because it's what made it funny 😂🤣

Medicine Human

One time I was in a creek with my friend and she fell and scraped her elbow and I was like "omg omg omg medicine cat skills ACTIVATE!!!" I told my friend to look for cobwebs and she looked at me like "What the heck why what WHAT"

I'm just kidding. That would be so weird. I don't even know for sure if that remedy is actually effective in real life.

Hello, if you have reached this point you have finished this book of randomness. I know some of you are disappointed... *glances at comments with worried expression* and didn't want it to end. I could say the same but I'm also telling you that there are plenty of other warriors spoof books out there... 😬😬

I tried to make a second book to continue this but I just do not have the same interest in this book series like I did before. (I put this book together in late 2015-2016) and it is almost the end of 2019 as I'm typing this. So yeah, I'm sorry, but I promise you will find something new, and you can always come back to read again <3

I also have other warriors books published on my page. They are not spoof books but if you choose to read them I hope you enjoy. (Although I admit they may need a bit of a rewrite...)

So yeah. Thanks for reading, voting, and commenting because trust me every time I get on this website I have like a million notifications from this book xD

(Wait, do warriors fans have a catchphrase? I can't remember. Why am I so old?)
